Senate To Decide On Olympics Bill At Meeting Today

Opponents Of Bill Will Not Accept Compromise As Offered

A solution to the problems that have beset the 1960 Winter Olympic planners for the past several months is expected at a meeting of the senate finance committee today in Sacramento.

The committee Monday approved a subcommittee report paving the way for settlement of the dispute which has threatened loss of the games for California and the United States. A full meeting of the committee, to which interested parties have been invited, was being held today.

New Provisions

Provisions of the compromise accepted by the committee are:

1. The right of the state to take needed land for the games (a maximum of 200 acres) by eminent domain, if that method is necessary, will remain in the bill (S.B. 1774), which provides an additional $2,9990,000 to make the facilities permanent.

2. Limitation of the use of the eminent domain would be restricted to provide that all proceedings under it must be commenced by December 31, this year.

3. The exercise of the eminent domain would be taken from the temporary Olympics Commission and given the state department of finance.

Important to State

State Senator Randolph Collier of Yreka, chairman of the subcommittee, in obtaining support of the report, declared:

"The Olympics are important to California and the world and they should be held here. Hence this site has been selected for them at Squaw Valley. I think we have a fair proposal for the settlement of this dispute."

In the meantime, Samuel Shenk, one of the attorneys for Mr. and Mrs. Wayne Poulsen, principal land owners in Squaw Valley, has issued a blast through the Poulsen's public relations agents, declaring the eminent domain provisions in the bill "arbitrarily closes the door of the courts to any property owner whose land may be taken, not only as an alleged necessity, but merely as a convenience to a small group of men who are designate as above the law of the land. This is more power than is granted to the governor himself.

"By provisions of this bill, the legislature would create a super all-powerful body of five men, which would have no direct responsibility to the people of the state, yet would have the unlimited power of taking anvone's property with no other authority than its own resolution."

Then in a veiled threat to delay the games, even though the bill is passed, Shenk said that the proponents of the bill should realize they are inviting a test of its constitutionality which could result in delays which could threaten the success of the games.

It has never been the intent of the commission to purchase more land than is actually required for the games and it was not until a small portion of needed land was denied, that eminent domain was suggested as a last recourse and even under its provisions no legal action is or was contemplated except as a last recourse to protect the big investment by the state.

It is understood that the modified terms of S.B. 1774 are not acceptable to those opposing the bill.

While the compromise action goes on, actual construction of facilities must wait, but it is the hope of the planners that work can be started next month.

RED CROSS CHAPTER WILL HEAR REPORTS

The Truckee Chapter of the American Red Cross will meet at the high school Tuesday, May 7 at 8 p.m. to hear a report of the nominating committee for various committeemen needed for the coming year.

Other Red Cross business will be discussed at the time and all new directors and officers as well as the public are urged to attend. Mrs. William Scuitto, newly elected president, will be in charge of the meeting.

Sunshine Girls Plan For Jitney Dinner June 5th

Donner Council No. 13, Pythian Sunshine Girls met Wednesday evening with a good attendance and with Karen Smart presiding in the absence of Sheri Curran, royal princess. Plans were formulated for a jitney dinner to be held June 5th.

Refreshments were served after the meeting with dainty May baskets decorating the table.

DRIVER FINED

Max Wipf, Oakland, was fined $279 by Judge F. W. Wilson following his appearance in the justice court Monday on a charge of drunk driving. He was arrested by State Patrolman William Gautsche.

Wolverine Baseball Team Ends Year With Three Wins

The Tahoe Truckee Wolverines last week completed play in the Western Nevada Baseball Conference with wins over Sparks, 5-1, Yerington 6-3 and Carson City 19-5, respectively.

The game with Sparks on the Railroaders' field was considered one of the top upsets of the season as Sparks was being considered by many as the league champion. However, Coach Cal Farley's Wolverines, with Sophomore Craig Robinson throwing a neat three-hitter, sat the Railmen down 5-1 and knocked them out of any chance for the state play-offs. Robinson struck out 12 and did not walk a man in pitching his near perfect game.

Friday afternoon the Wolverines journeyed to Yerington and took the measure of the Lions, 6-3, with Robinson again pitching a three-hitter while striking out 11. Buzz Trainor, sophomore second baseman for the Wolverines, collected three for four and L. J. Robinson, brother of Pitcher Craig, went two for two to lead an 11-hit assault on the Lion's ace left- hander, Larry Mitchell.

Saturday, the Wolverines wound up an all victorious weekend of play by blistering the Carson City Senators 19-5, on the local field.

Cecil Craddock went all the way for the Wolverines, effectively scattering nine hits, while the locals slammed out a total of 17 safeties off a trio of Senator mound men. Craig Robinson and Dave Rickert each had three hits to lead the devastating attack.

Tuesday the Wolverines journeyed to Reno for a non-league practice encounter with the Huskies and will close out the season next Tuesday when they travel to Susanville for a game with the Lassen Grizzlies.

Four Men Held On Bold Car Theft

Authorities today were holding four young men for the FBI on charges of taking a stolen auto over the state line.

Two of the four, Bobby G. Baker 20, of Bryte and Henry C. Taylor, 18, Dixon, are said to have admitted entering a new car showroom in Oklahoma and driving away in a 1957 Buick Roadmaster covertible. At Salt Lake City, according to the story told Emery Lander, deputy sheriff and Highway Patrolmen Bud Meixner and Carroll Maynard, they picked up William Vanlandingham, 18, and Darnall Spears, 18, who accompanied the two to Truckee.

Near Gateway Motel, Baker and Taylor left the car and asked the two negro boys to take it through the quarantine station. Taylor and Baker by-passed the station on foot and are alleged to have stolen a dump truck from Jerry Lewis to continue their westward way.

Lander and Meixner were at the station and apprehended Vanlandingham and Spears. Later the other two were stopped at Rocklin and returned to Truckee by Meixner and are being held here.

REPORT ON MEETING GIVEN TO LIONS CLUB

Roy F. Waters, president of the Lions Club gave a report of the District 4-A convention held at Las Vegas at the regular meeting of the club at Donner Lake Lodge last night. An outstanding film, entitle "Man with a Thousand Hands' was shown through the courtesy of Frank Gaiennie. Guests were Frank Giovannoni, Eugene Gini, G. E. Lewis, G. Young and Charles Fink.

ROTARY CLUBS WILL ATTEND CONCLAVE

Representatives from 41 Rotary Clubs of northern California and Nevada which make up the 164th District will attend the confe nce at Bijou, Lake Tahoe, May 12, 13 and 14, Ralph Plimpton, president of the host club, announced.

Clubs at Tahoe City, Kings Beach and Truckee will be among the 2500 members expected and District Governor Clyde Curtis of Placerville will preside. Guest speaker will be D. D. Monroe of Clayton, New Mexico.

More than 100 Rotarians with their wives from this area are expected to attend the important gathering.

Last Rites Friday For Dick Little At San Francisco

Prominent, Popular Local Man Expires After Long Illness

Friends throughout the whole area were shocked and saddened to learn of the death at 7:30 p. m. Wednesday of Richard Nealy Little in a San Francisco hospital where he had been taken Saturday night.

Little had been spending the past several weks in San Diego and was en route home and had stopped for a visit in San Francisco with relatives.

He had been in poor health for several years, but was believed to be recovering.

Funeral services will be held at the Halsted & Company chapel, 1123 Sutter St., San Francisco, Friday at 2:30 p. m.

Dick, as he was known by his legion of friends, came to Truckee in January, 1943, to take over the management of Bank of America. He subsequently resigned there to enter the real estate and insurance business which he owned. He was active in all community affairs and is credited with being the prime force behind the building of the Tahoe Forest Hospital. He was president of the Lions Club, active in chamber of commerce ventures and many other local projects.

The deceased was a native of San Francisco, born May 19, 1901. He was a son of the later Mr. and Mrs. Walter J. Little, early day California settlers. He spent a lot of his earlier days in Davis and Woodland and it was in the latter city that he met and married his late wife, Lucille Browning Little, who expired here on January 7, 1952.

One daughter, Mrs. Roann (Toppy) George lives in Boston and flew out to attend the rites.

Two brothers and three sisters also survive. They are W. G. of Stockton, A. J. of Alpine, Mrs. Herbert Belton of Davis, Mrs. Maude Dabb of National City and Mrs. Edward Gallin of Villa Grande.

This entire community will miss Dick Little and will extend sincere sympathy to his family.

DONNER RESIDENTS STUDY FIRE PLANS: COMMITTEE NAMED

Nearly 100 residents of the Donner Lake district met at Donner Lake Lodge Friday evening to discuss various methods of fire protection for the area.

As a result of the meeting, presided over by Hap Warnke, a committee was appointed to study two suggested plans, the first being to annex to the Truckee Fire District and the second to establish a Donner Lake fire protection district.

Under the latter plan, the district would purchase the necessary equipment and keep it stored in an accessible location and from where volunteers could respond in event of a fire.

The committee named to investigate the plans is comprised of Warnke, Frank Snyder, Dr. R. W. Affeldt, Emery Lander, C. E. Allison, Dan Horman and Tom Bonano.

A report of the findings of the committee will be made at a future meeting of the property owners in the area affected.

EASTERN STAR WILL HOLD SCHOOL NIGHT

The regular meeting of the Order of Eastern Star will be held at 8 p.m., May 7.

In observance of Public Schools Week, John Corbin, district school superintendent, will have charge of the entertainment. Elmay and Wayne Philippi, worthy matron and worthy patron, will preside.

All citizens are urged by the OES to visit the schools during Public Schools Week.

SERVICE RESTRICTION AT OFFICE PLANNED

Postmaster E. C. Bavier announced this week that effective May 12, the receipt and dispatch of mail will be discontinued on Sundays and holidays on a trial basis for one month.

Mail may be dispatched on these days in the mail boxes on the platform of the Southern Pacific Station, she added.

The same hours have been established at the Tahoe City office.

SUNBEAMS

By WALTER M. BARRETT

It is our belief that the number of directors of the Truckee Public District should be increased from three to five members. Under the present system, a quorum consists only of two members and while we have the utmost confidence in the ability of any two members of the board in deciding issues, we believe that a quorum of at least three would add wisdom and provide additional knowledge to questions which arise. In nearly every instance members of the board are local businessmen, concerned primarily with their own businesses and cannot be expected to devote full time to the affairs of the district. If their business requires them to be absent from a district meeting, they cannot be censored, but with five members there would be few times when at least three, and usually all members, could attend to ponder matters of importance to the entire community. We would urge a "yes" vote on the proposition to be presented on the district ballots next Tuesday.

* * *

There will be inconveniences to the traveling public when closures are found necessary in the Floriston area during construction of the freeway there starting in the near future. These inconveniences are unavoidable. There is no feasible way of providing detours. However, the Truckee Chamber of Commerce, with the cooperation of the division of highways and the contractors on the job, is proposing to minimize these inconveniences through a comprehensive program of signs, phamplets and public information. This effort on the part of your chamber is deserving of your full support. Every effort will be made to provide the motorist with service and keep the local economy on an even keel.

Outboard Races Set For July 14th

Rex Reid, president of the Truckee Chamber of Commerce, has received confirmation from Sam Paul, commodore of the Northern California Outboard Association, at San Francisco that the annual outboard regatta will be held at Donner Lake, July 14.

The Truckee chamber sponsors the meet which annually attracts huge crowds as well as bringing to Donner some of the fastest boats and nerviest drivers in the west.

Last year, Reid said, there were nine classes entered and six elimination races. This year there are to be 10 classes.

The chamber, Reid said, is also amplifying its display of fireworks for the annual Independence Day observance at Donner Lake, but will eliminate its participation in the Christmas party. The reason for the latter decision, he said, was due to the fact that many other community-minded organizations each year extend themselves to provide community Christmas parties and the need for the chamber's participation is not important.

MASS SCHEDULE FOR MONTH ANNOUNCED

Father P. J. O'Neill this week announced the mass schedule for the Catholic churches in this parish for the month of May and asked resort owners and motel operators to take note of the change in hours for the benefit of their guests.

Mass will be at the Assumption Church in Truckee at 9:30 a.m.; at Our Lady of the Lake Church in Kings Beach at 11:30 a.m. and at the Corpus Christi Church, Tahoe City at 10 a.m.

Great Books Discussion Group Will Meet May 8

Participants in the Great Books Discussion Group will further discuss Lucretius' of the nature of things, Books I-III at the May 8 meeting to be held in Tahoe City.

Jeanne Kessey and Donald Trask will share the leadership for the discussion beginning at 8 p.m. Visitors are welcome and anyone interested may come.

Utility District To Hold Election To Decide Two Issues

Two Candidates In Race As Proposition Presented To Voters

Only mild interest in the Truckee Public Utility District election on May 7 has been noted, although one issue is of prime importance.

That is the proposition as to whether or not the board of directors shall be increased from three to five members. It has been pointed out that directors are generally selected from among the business people of the community and during busy periods they find it inconvenient to attend all meetings. Since a quorum is necessary, the adoption of the proposition would provide for a quorum of three instead of two and the conduct of affairs of the district would be on a more business-like basis.

Two candidates have also filed for the one office on the board being vacated by Charles R. Heller, board president, who declined to seek re-election.

They are George Kaspian and Karl K. Kielhofer, both well known local residents.

Providing the proposition increasing the number of directors is passed, two additional members will be appointed on July 1 to serve until the next general election of the district.

Voters are being urged to turn out at the election so that the board members may be assured of the interest of the people they serve.

FIREMEN READY TO HOLD DANCE HERE

Fire Service Day Saturday will be fittingly observed as the local department completes plans for the open house at the fire station from 1 to 6 p.m. and then will host a dance and buffet at Veterans' Memorial Hall that eveing starting at 9.

Refreshments will be served during the open house and every one is invited to both phases of the program.

ATHLETIC CLUB TO ACTIVATE BASEBALL TEAM AT MEETING

Reorganization of the Truckee Athletic Club's baseball team will be started at a practice scheduled to be held tomorrow (Friday) evening at 5:30 at the baseball field at the Tahoe Truckee Wye.

In making the announcement, Miss Pat Andres asked that all potential ballplayers gather to discuss plans for the current season.

A number of good ballplayers have arrived here recently and with the boys who made up last year's team, it is expected that Truckee can field a winner this summer.

As soon as the team is organized, schedules will be arranged with other nearby towns for a series of games here and away from home.

VARIETIES WILL BE STAGED ON MAY 9

Local talent will take part in the Varieties Unlimited, May 9, the curtain rising at 8 p.m. in Veterans' Memorial Hall, the variety show being given by the Methodist Community Church choir.

The skits promise to give a sparkling lift to those attending and Mrs. Ben King said that tickets are now available and will also be sold at the door on the evening of the performnce.

Proceeds will be used for new choir robes.

CONTRACT SIGNED FOR LOCAL SERVICE

At a special meeting of the Truckee Sanitary District board of directors Monday night, the contract with Leo Smisek and Jack Thomas to succeed Gail Brown and Son, was confirmed and the new operators began work that day.

During the meeting, Robert Seibold asked to be relieved as president of the board and James McIver was appointed to that office.

On Vacation—

Ernie Ineichen of the Palace Barber Shop plans to leave Monday on a trip to Seattle, returning to his shop here on May 17th.

Rotary Session To Feature Talk By Olympics Official

Rotarians of Truckee will be hosts Monday evening, May 6, to members of the Grass Valley and Nevada City Rotary Clubs. This tri-inter-city meeting will be held at Donner Summit Lodge with a fellowship hour from 7 to 8. Dinner will follow immediately.

The guest speaker for this 8th annual meeting of the three clubs of Nevada County will be Alan E. Batholemy, executive director of the organizing committee for the VIII Olympic Winter Games. He will address the Rotarians on the subject of the Olympics as we expect to see them in 1960 as Squaw Valley.

This important meeting to the local service clubs is held annually. The three clubs alternate sponsoring the intercity meets. Over the spring season it has been held at Nyack Lodge, Donner Summit and once at the International Hotel in Nevada City. The attendance has always been large, averaging nearly 100 members and guests.

As special guests at the meeting there will be District Governor Clyde F. Curtis of Placerville, Walter M. Barrett, member of the governor's Olympic Commission and Henry G. Loehr, chairman of the Nevada County Board of Supervisors.

Many past district governors of Rotary and District Governor-elect Robert C. Hall of Marysville, are expected to attend.

The president of the Truckee club, Robert Frank, will preside. James Sherritt organized the meet working out the many details.

Contract Let For New Lake Building

At a special meeting of the governing board of the Tahoe-Truckee Unified School District Friday night, bids were opened for the construction of the long-awaited Kings Beach elementary school multi-purpose room.

Three bids were submitted: Hancock Construction Co., Lafayette, $144,000.

Bailey & Davis Co., Woodland, $139,987.

W. A. Schmidt, Sacramento, $133,300.

Contract was awarded to W. A. Schmidt, low bidder. and work is scheduled to begin May 10. Work is to be completed 180 calendar days after contractor commences work and the building is to be of Basalite block.

This construction is not to be considered any part of the proposed bond issue which will be voted May 17 to increase facilities of all schools. Money for this multi-purpose room was set aside over a period of time in the special reserve fund.

Gordon Stafford, Sacramento, is the supervising architect. Phil Edwards has been employed as the school district inspector.

NEW FAMILY HERE TO OPEN RESTAURANT

Mr. and Mrs. Arthur W. Saunders have arrived from San Francisco to prepare to open their new business, Ramshead Restaurant near Donner Lake. The Saunders purchased the property from Walter and Chester Weyman, who operated it under the name of Lakeview Restaurant.

Saunders for many years was associated with H. S. Crocker Company as head of the art department and proposes to devote some time to his art work in preparing layouts for ad copy and business signatures for local concerns.

The newcomers have two children, a boy, 7, now attending the Truckee elementary school and a 2-year-old daughter. The Saunders enjoy this community and plan to make it their permanent home.

SKIER KNOWN HERE IS KILLED IN EAST

Billy Woods, 18, Stowe, Vt., was recently killed when his car plunged of a highway near Stowe.

Woods was considered one of the nation's prime hopes in the World FIS championships being staged in Austria next year and had already been selected for the U. S. training squad.

Californians will remember him for his showing last year at Squaw Valley when he captured the national downhill and combined crown to add to his national junior title of 1956.

Road Restrictions Explained During Meeting Of Group

Efforts Coordinate To Ease Inconvenience For Traveling Public

Some time after May 6, U. S. Highway between Floriston and the state line will be subject to closures up to two hours duration, but a joint agreement between the state division of highways and the contractors, Gibbons & Reed of Salt Lake City, is expected to minumize inconveniences to motorists using the highway.

The closures will be scheduled to conform with signs to be placed along the highway informing motorists of the hours unrestricted travel will be permitted through the construction zone.

A sign provided by the Truckee Chamber of Commerce and approved by the division of highways will be installed at the Truckee-Tahoe Wye showing the alternate route, a map of the region and designating the hours the highway between here and Reno will be open.

Trucks and Buses

Lyn, district manager for the contractors, and Afton Bohn, supuerintendent of construction, who attended the luncheon, arranged by Alan S. Hart, district highway engineer, Monday told the 70 news men, chambers of commerce officials, bus and truck line operators and others who attended the tour of inspection and meeting that even during closed hours, the highway would be kept open as much as possible.

Hart, who presided at the luncheon at which the Truckee chamber was host at Smart's, announced unrestricted travel would be permitted on Saturdays, Sundays and holidays and during the following hours on week days:

12 midnight to 2 a.m.
10 a.m. to 1 p. m.
3 p. m. to 6 p. m.
8 p. m. to 10 p. m.

Signs telling hours of closure will be placed at Davis, Roseville, Marysville, Truckee and Reno.

It was also announced by Hart that during unadvertised hours of closures, a flagman will be stationed just east of Truckee to advise east-bound cars of the conditions ahead.

The large group gathered at Smart's at 10:30 a.m. Monday and boarded two Tahoe Truckee school buses for the trip through the construction area where it was explained why detours are impractical.

The group, headed by Hart and Rex Reid, president of the chamber of commerce and escorted by Sgt. Frank Snyder of the highway patrol, returned to attend the luncheon and hear the speakers.

Reno representatives said they were installing signs and would establish information offices at Reno and possibly Truckee urging motorists to take detours through the North Tahoe or Sierraville areas.

Detour Bids Asked

In the meantime, the division of highway is advertising for bids fo rconstruction of a two-mile detour between Hirschdale and Floriston to be constructed this summer to provide for traffic when work on the next step of the four-lane freeway will commence. The detour project will cost approximately half a million dollars and bids will be opened May 22.

CORBIN WILL SPEAK AT MEET OF PTA TO DISCUSS PROJECT

Officers for the coming year will be installed at the next regular Tahoe-Truckee Unified High School PTA meeting to be held on Thursday, May 9th at 8 p.m.

John Corbin, superintendent of the district, will explain the need for the school bonds being presented for the approval of the voters of the district on May 17.

His talk will include facts regarding the present crowded situation in the district's classrooms, the amount of increase in enrollment both past, present and future, the length of time it would take to complete the present proposed construuction and the cost of this construction.

Refreshments will be served at the close of the evening.

A most cordial invitation is extended to residents throughout the district to attend.

PERSONAL INJURY SUIT IS UNDER WAY

The personal injury suit for $50,000 brought against Harold M. Welch and others by N. F. and Gladys Dolley as a result of a fall suffered by Mrs. Dolley in the St. Louis Cafe on July 30, 1955, was started in superior court this week. Judge Raymond McIntosh of Sierra County is presiding. Mrs. Dolley charges she was injured when she fell down a stairway while assisting in making lunches for firefighters battling a forest fire just south of Truckee.

At Donner—

Mr. and Mrs. William Storkman of Woodland have been visiting at Donner Lake.

The World Was Made for You

By Ann Blyth, motion picture star

ALL OF US at some time or other have thrilled to the beauty and majesty of the mighty ocean. These things, like our whole world, are a reflection of the beauty and majesty that is God.

But if the whole world reflects the beauty and glory of God, however imperfectly then nothing in the world is a greater reflector of God than man—for man is made in the image of God and everything in the world is made for man.

Blyth

EVERYTHING IN the world exsists to help man get to God, for getting to God is man's destiny. But to get to God man must look for Him and he must listen for Him.

True, man can find God in the beauty of the sky and the majesty of the sea, for God is reflected in these things and in all His creation. But man is more than a creature with eyes. He has ears that hear words and even more he has a mind that understands words and the things he sees.

MAN HAS A MIND that is made for truth. He must see the truth in the creation around him and reason to the fact that God is and that He is man's support in existence. But man's mind is capable of more truth than this.

The mind of man is capable of learning something about God—what He is like; what He thinks about man—and other profound truths. But to get this truth man must listen with his mind—he must listen to the words of God's revelation to man.

EVERYONE OF us hears and sees countless billions of spoken and written words during our lifetime. We hear complimentary words and flattering words; we hear unkind and cutting words; we hear mean and even unclean words. Naturally it is not in these words that we will find God's revelation to us of what He is like and what our destiny is.

But fortunately these soothing and consoling words of God's revelation do exist. At the beginning of his gospel, St. John writes, "In the beginning was the Word." This Word was the only-begotten Son of God, having the nature of God from all eternity.

One day about 2,000 years ago that **WORD** of **GOD**, the Son of God, became a man. The **WORD** of **GOD** came to bring to all men God's words of salvation.

TODAY WE CAN hear those saving words; we can follow them and find happiness. But we must open our minds and hearts to these words, the words that contain the truth brought to the world by Jesus Christ, true God and true man.

† Paulist Feature Service, Washington 17, D. C.

SCHOOL FUND MAY BE SHAVED CLOSELY

SACRAMENTO (CNS) — There was a strong indication in the legislature that the proposed program of $70 million for expanded state aid to local school districts may be shaved to some $37 million.

A subcommittee of the assembly committee on ways and means currently is studying AB 3045 by Assemblyman Ernest R. Geddes (R-Claremont) which would provide the $70 million in increased state aid. The bill originally had been wired to another Geddes proposal to produce the revenue through a three-cent a pack tax on cigarets and an expanded tax on beer. However, the lower house education committee "unwired" the two measures.

WINNERS IN TAHOE CONTEST ANNOUNCED

Winners of the Tahoe Lake School conservation poster contest were announced this week. Judging was done by Truckee Ranger District personnel. The first place posters were given to John Corbin, superintendent of schools, who plans to exhibit them in the Tahoe-Truckee area schools.

District Ranger Roy W. Saarni of Truckee had high praise for the quality of the posters and stated that they demonstrated the schools were doing a good job in getting over the vital conservation of natural resources message to our youth.

First, second and third place winners in each class were:

Second Grade: 1st, Dick Pomin; 2nd, Kim Marvin; 3rd, Tommy Barr.

Third Grade: 1st, Jeff Lodi; 2nd, Alex Cushing; 3rd, Julianne Bechdolt.

Fourth Grade: 1st, Greg Moore; 2nd, Penny Clarke; 3rd, Jeff Hewitt.

Fifth Grade: 1st, Erica McLane; 2nd, Mary Ann Spitsen; 3rd, Joe Hoxsie.

Sixth Grade: 1st, Steve Horvath; 2nd, Vicki Rich; 3rd, Mike Marvin.

First place winners will be guests of the forest service on a field trip in June. They will visit national forest lands in the Tahoe area including the Stateline Lookout.

Prime on the list for the new state money proposed by Geddes are the teachers, who would have their minimum salary base increased from $3400 to $4200 a year under the program. Both the Geddes apportionment measure and revenue measure were sponsored by the powerful California Teachers Association lobby.

Robert E. McKay, legislative said it was expected the ways and means committee would approve the $70 million bill without change. However, the subcommittee has been reported reliably to be leaning toward the $37 million figure.

The reported compromise of the subcommittee is that basic state aid to all districts, rich or poor, would be increased from $120 to $135 per each student in attendance. The broader CTA proposal would have removed limits from the present top of $180 per pupil allowed impoverished districts.

School Bond Election NOTICE

NOTICE IS HEREBY GIVEN to the qualified electors of Tahoe Truckee Unified School District of the County of Placer and Nevada, State of California, that in accordance with law, an election will be held on the 17th day of May, 1957, in said District, between the hours of 7 o'clock A. M. and 7 o'clock P. M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said District to the amount of $1,700,000 Dollars, for the purpose of raising money for the following purposes:

(a) The purchasing of school lots.

(b) The building or purchasing of school buildings.

(c) The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.

(d) The repairing, restoring or rebuilding of any school buildng damaged, injured, or destroyed by fire or other public calamity.

(e) The supplying of school buildings with furniture or necessary apparatus of a permanent nature.

(f) The permanent improvement of the school grounds.

(g) The carrying out of projects or purposes authorized in Section 18010.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition.

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

For the purpose of holding said election, the School District shall be and it is hereby divided into five (5) Bond Election Precincts, numbered from 1 to 5 consecutively, as hereinafter described; and the persons hereinafter named being competent and qualified electors of said School District, and of their respective Bond Election Precincts are hereby appointed officers of election, as hereinafter designated, to serve in their respective Bond Election Precincts, as hereinafter set forth; and said Officers of Election shall conduct said election and make returns thereof pursuant to law.

The voting precincts, polling places and election officers, duly designated and appointed are as follows:

BOND ELECTION PRECINCT NO. 1
shall include all the area embraced in those portions of Placer County General Election Precincts of Cisco, Summit, Tahoe and Michigan Bluff and the Nevada County General Electino Precinct of Soda Springs lying within the Tahoe-Truckee Unified School District.
POLLING PLACE therein shall be at Donner Trail Schoolhouse.
Officers of Election for said Bond Election Precinct:
Mrs. Lola Schull, Inspector.
Mrs. Dorothy Bacon, Judge.
Mrs. Betty Aro, Judge.

BOND ELECTION PRECINCT NO. 2
shall include all the area embraced in the Placer County General Election Precinct of Brockway lying within the Tahoe-Truckee Unified School District.
POLLING PLACE therein shall be at Kings Beach Schoolhouse.
Officers of Election for said Bond Election Precinct:
Mrs. Eda Judy, Inspector.
Mrs. Winona Hall, Judge.
Mrs. Nellie M. Barkhurst, Judge.

BOND ELECTION PRECINCT NO. 3
shall include all the area embraced in that portion of Nevada County General Election Precinct of Floriston lying within the Tahoe-Truckee Unified School District.
POLLING PLACE therein shall be at U. S. Post Office.
Officers of Election for said Bond Election Precinct:
Mrs. Margaret Craig, Inspector.
Mrs. Ruth Helman, Judge.
Mrs. Janice Hamilton, Judge.

BOND ELECTION PRECINCT NO. 4
shall include all the area embraced in the Placer County General Election Precinct of Tahoe lying within the Tahoe-Truckee Unified School District.
POLLING PLACE therein shall be at Tahoe Lake Schoolhouse.
Officers of Election for said Bond Election Precinct:
Mrs. Bernadette Bechdolt, Inspector.
Mrs. Beccy Shontz, Judge.
Mrs. Betty Staratt, Judge.

BOND ELECTION PRECINCT NO. 5
shall include all the area embraced in those portions of Nevada County General Election Precincts of Donner Lake and Truckee lying within the Tahoe-Truckee Unified School District.
POLLING PLACE therein shall be at Truckee Elementary Schoolhouse.
Officers of Election for said Bond Election Precinct:
Mrs. Lucile Bick, Inspector.
Mrs. Irene Englehart, Judge.
Mrs. Laura Horman, Judge.

Each qualified elector of said Tahoe - Truckee School District shall be entitled to vote only in the School District Bond Election Precinct of which he is a resident.

The governing board of the School District shall meet on the seventh day after the election at its usual meeting place at 8 o'clock P.M. and publicly canvass the returns.

IN WITNESS WHEREOF, we have hereunto set our hands this 5th day of March, 1957.

R. E. SMART
B. K. MILLER
HERBERT P. OBEXER
JACK FELTE
FRED M. PEDLEY
Members of the Governing Board of Tahoe-Truckee Unified School District, of Placer and Nevada County, California.

NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

New Book

A prophet is usually without honor in his own country but Bud Scott's new book, "The Saga of Lake Tahoe," is giving much, much pleasure to both old and new-timers here and shows keenly its research and careful preparation. It does its author honor and will be a gift of information about this most beautiful of areas for many generations to come. The pictures alone are priceless.

Mrs. Ethel Joslin Vernon was given some statistics by the author about his work and I am happy to pass them along here for their interest. The book, which took four years of work by the author to complete, contains 520 pages which are nine by twelve inches in size. It presents 240 photographs of places and people, dating all the way between the years 1850 and 1950. Among the old timers of this Tahoe City locality who aided Scott in his work with both information the original photographs are the following: Mr. and Mrs. R. H. Watson, Mr. and Mrs. E. H. Pomin, Mrs. Janet Watson, Mrs. Alice Gebhardt, Carl Bechdolt, Mr. and Mrs. A. M. Anderson, J. E. Pomin, and Mr. and Mrs. C. W. Vernon. The story of Sierra House and the legend of Eagle Rock are based on stories by Mrs. Vernon.

Sun Bathers

The Commons was dotted with sun bathers and swimmers (!) Sunday. Several parties from the valley were picnicking at the tables and the warm sun brought out our local selves as well. Mrs. Chuck Henrikson and her two children, Denise and Stevie, and the two Stowe children, Donnie and Cathy, shared a blanket with Mrs. Jack Dunn and her little Rebbeckah and baby boy. Beccy got enthusiastic about the water and swan-dived which made Mrs. Dunn take an unplanned swim. The confusion and tears were quickkly settled by the warmth of the day.

P. O. Service

Postmaster Oliver Corona announces officially that there will be no holiday or Sunday P. O. service for the entire year effective May 1 on the North and West sides of the lake. This includes the post offices from Crystal Bay to Camp Richardson.

Housewarming

A housewarming for the Ed Wilsons was held Saturday night at their home in Tahoe Pines. The lovely living room was a surprise to everyone. Rock steps led downward to the large room which contains a rock garden set about a stump. The guests giving a set of bar stools to the Wilsons. Another surprise of the evening was the serving of a birthday cake to Blanche Donaldson, one of the guests. Among the guests were the Wes Donaldsons, Mrs. Jack Martin, the Ray Grahns, the Don Reicks, the Ivan Wilsons, the Favon Cooks and their little daughter, Gracia, Mrs. Ruth Jones, George Kunges, the Jim Lockhardts, and the Jim Cooks.

Change Residence

The J. J. Williams have moved to the Kewen house on the beach in Lake Forest next door to the A. A. Snyders. Al Friedland has moved into the Williams old house on Lakecrest road. Aside from news, this shows how housing is, and will be, a real problem. Mr. John Corbin spoke several times at our PTA meeting of the fact that potential teachers will be lost to us if they cannot find reasonable and winterized rentals here.

Birthday

Lanny Poulsen turned nine last Saturday at his home in Squaw Valley. All the boys in his class were invited to help him celebrate and almost all turned out with all the vim and vigor you can expect of that age. Among the guests attending were Chris Burmer, Jeff McLane, Pat Dempsey, Tom Ruhkala, Donnie Stowe, Jerry Jorgensen, Greg Moore, Jakie Obexer, Dick Nielsen, and Jeff Hewitt.

Has Party

Christine Litke celebrated her birthdate with her Brownie friends at the regular Brownie meeting after school Tuesday. Her mother, Naomi Plew, brought cake and other refreshments in from Lake Forest with the help and connivance of Brownie leader, Chick McBride.

In Hospital

Miss Geri Bean is in the Tahoe Forest Hospital this week. In her absence Mrs. Nancy Tomlinson is substituting.

Visit Son

Mr. and Mrs. J. H. Taylor spent the weekend in Reno visiting their son and family, the George Waters. Mr. Taylor is opening the Waters Septic Tank Service already since the weather is so fine. The Waters in Reno had just moved into a new home there.

Return To Lake

Mr. and Mrs. Warren Porter returned from San Francisco Wednesday from the winter showing of apparel in one of the main hotels there. It seems odd to buy for the winter now and odder that summer buying was done last January!

Many Activities

The beautiful weekend brought out all kinds of activities. The Grass Valley Golf Club invited Tahoe City members to participate in a tournament Sunday. Among the many who went down for the day were the Steve Koriches, Ronnie Grinseads, Joe Henry, Jean Henry, Ralph Bly, Bill Conners, Bill and Carl Bechdolt, and the Bob Pomins.

PTA Meets

Officers for the coming year were elected at the PTA meeting Thursday at which Superintendent John Corbin was the featured speaker. A report of his statements concerning the school bond issue to be voted upon this coming May 17 is elsewhere in the Sierra Sun. The new officers are president, Mrs. Carolyn Hendrikson; vice president, Mrs. Chick McBride; secretary, Mrs. Helen Hewitt; treasurer, Mrs. Betty Jorgensen; parliamentarian, Mrs. Mabel Neilsen; historian, Mrs. Eunice Hendrikson; auditors, Mrs. Tessie Anderson and Mrs. Naomi McLane. These new officers will be inducted at the next regular meeting of the PTA.

New Name

Pritchett's Market is the new name of the new one-time Tahoma Market in Tahoma. This concern which was bought last fall by Mrs. Mary Johnson from the Sylvan Sartors has been completely renovated and is leased to Youell and Arlys Pritchett who are opening it this weekend.

Rotary Meets

Tahoe Ctiy Rotary met at the Tahoe Inn with 33 members a marked increase over the usual winter attendance. Ernest H. Pomin and George Kehlet were among the full time members who have returned from winter vacations. Program Chairman Warren Porter showed two movies, one of the Jack Dempsey fight when he was defeated by Joe Louis, and the other of the long hauls of motor freight lines. President Steve Korich presided.

Church Services

Church services will be held Sunday, May 5, at 11 a.m. in the Community Hall by Lay Reader Charles Beardsley. This will be a reviving of the one time Tahoe City Community Church under the auspices of Bishop Noel Porter.

Sunday School

Mrs. Gerry Waters and Mrs. Jay Shontz announce that the Community Sunday School will meet as usual at 10 a.m. At the present time there is no connection between the church announced above and the Sunday school and everyone is most welcome to both services.

Tonsils Out

It's not strictly news any more but I forgot to praise a brave little girl who deserved it. When Susan Wright had her tonsils out she did not cry at any time because she had promised her brother Mike that she would not be a baby. She wasn't.

Open Home

Other behind hand news but worthy of mentioning is the return for good of Mr. and Mrs. Jake Obexer. They opened their Homewood home the early part of this month.

Breaks Leg

Mrs. Jeanette Rustad broke her leg on her own skiing slopes at Granlibakken. We will make no teasing remarks and are just glad it did not happen earlier in the season.

Model Display

Do not fail to look in at the beautiful scale model of what Tahoe Lake School will be if the bond election goes through. It is on display at the local stores and will remain in one or another of them until the election, May 17.

In Bay Area

Leonard and Dorothy Bury and their son, Donnie, are spending several days in San Francisco.

Opens Shop

Mrs. Helen Beaverson is opening her Tahoe Gift Shop, next to the bakery, in the C. W. Vernon building this May 1. Everyone is most welcome to come in to look and browse.

Pilot whales are taken commercially on the Faroe Islands in the North Atlantic Ocean.

NOTICE OF APPLICATION TO APPROPRIATE WATER
Application 17415

NOTICE IS HEREBY GIVEN, that Wesley Waddle and Alvin Waddle, Auburn, California, have under the date of January 4, 1957, applied to the State Water Rights Board for a permit to appropriate unappropriated water, subject to vested rights.

Description of Project

Water to be appropriated from an unnamed stream tributary to Martis Creek thence Truckee River. In the County of Nevada.

Amount applied for: 350 acre-feet per annum.

Diversion season named: October 1 of each year to May 31 of the succeeding year.

Water to be used for irrigation, recreational stockwatering and fire protection purposes.

Point of diversion within SW¼ of NE¼ of Seection 16, T17N, R17E, MDB&M.

Place of use described: 280 acres within Sections 17 and 18, T17N, R17E, MDB&M as shown on map filed with State Water Rights Board.

Relative to Protests

Blanks upon which to submit protests will be supplied free upon request.

Any person desiring to protest against the granting of such permit shall within 60 days from date hereof file with the State Water Rights Board, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the approval of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of protestant's land or place of use and point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

JUST ADD WATER

The importance and the increase in use of water in our daily lives is well illustrated by the following jingle taken from the files of the Ford Meter Box Co. of Wabash, Ind.

"The words on labels tell this tale, in recipes, in ads by mail, and chances are, at work or play, you'll see these famous words today . . .
JUST ADD WATER.

"You'd be surprised how many things are dry and useless till one brings the magic liquid known to all; you use it when you heed the call . . .
JUST ADD WATER.

To illustrate and prove this thought, remember all the food you've bought on which was printed, clear and bright, instructions that make cooking light . . .
JUST ADD WATER.

The per capita consumption of water is increasing greatly each year and added to the increase in labor and materials during the past 10 or 20 years—water bills can be expected to show some increase in use and in amount.

TRUCKEE PUBLIC UTILITY DISTRICT

A Tax-Saving, Public Service Enterprise

TnT Tidings

By JUDE' COMMAGERE

Two Top Students Accepted

All TnTer's are very proud of two of the top senior students, Linda Loynd and Carol Street. Carol Street has been accepted to Stanford University and Santa Barbara State College with high honors. Linda Loynd has been accepted to Stanford University and to the University of California with high honors at entrance. Both Carol and Linda are straight A students, top citizens of the community, and wonderful leaders. A great deal of credit go to these girls because of their constant work and for reaching their high set goals. All TnTers wish to extend their congratulations to them and best wishes for their future years in college.

Nominees Selected for Student Council

The spring brings to mind many new things; a farewell to winter; the blooming of flowers; baseball; or the end for a new beginning, graduation. To the officers of the 1956-1957 Student Council it means being transplanted to another place so other students may be planted in the garden of Student Council. These new students have a huge responsibility, for they must grow and share their abilities, with the act of leadership. The new Student Council nominees are: president, Berger Nelson, Sheila Fanger, and Kenny Vaughan as an alternate. Vice president, Bob Williams, Craig Robinson, and Gary Holbrook, as an alternate. Secretary, Janice Gray, Carol Ann Quilici and Joanne Wray as an alternate. Treasurer, Dorothea Frey, Berry Graton, and Sharyn Wright as an alternate.

All of these nominees have a high grade average, all are active, and all the qualifications for their specified offices. Yes, we have selected a wonderful group of highly capable leaders from which four students will be elected for next year's Student Council.

All the present officers of TnT's Student Council wish to extend their hearty wishes to all of the nominees. We all hope that through sportsmanship, well planning, fare campaigning, and loads of school spirit, everyone will benefit from the Student Body election May 9. If each nominee will place his opponent as an equal, then all nominees will win, not only the high honor of running for a student body office, but the admiration from all, for knowing how to win by losing.

Fantasia

Many TnTers were in a land of fantasy Friday, April 26, at the sophomore dance, "Fantasia." Under the dedicated chairman, Carol Ann Quilici the dance was a terrific "mark" in the sophomore's year of events. The entertainment chairman was Dorothea Frey. Carla Kiser, imitating, Brenda Lee sang "Seventeen." Janet Allen and Carol Ann Quilici did arcrobatic stunts disguised as "Ragged Ann." The announcer of all the entertainment was Charlene Kisor. Buzz Trainor, refreshments chairman served punch, donuts and sandwiches. All that went to "Fantasia" enthusiastically stated "the dance was loads of fun." Carol Street and Doug Wilson won "Phoebe B Bee Bee" (a stuffed dog) for the best dancers of the evening.

Congratulations sophomores for a night of "fantasy."

Tahoe-Truckee School District News

DONNER TRAIL SCHOOL

Most of the students have turned to star-gazing these days. There has been great interest in seeing the comet, Arrand-Roland. High mountains have not helped matters, but many now report having seen the comet. Barry Cardwell claims the honor of being the first student to spot the two-tailed wonder.

Big doings are planned for May by Miss Kessey and Mr. Bailey's classes. A variety show based on Gay 90's music has been scheduled for May 23. "The Shooting of Dan McGrew" will be included in the evening's entertainment.

David Watts had a bad fall last Wednesday. He landed on a rock, cutting his head. He was rushed down to the doctor who took several stitches in his scalp.

The snow is melting around the school and baseball is the popular sport. Three girls who swing a bat and hit like boys are Patsy Burchfield, Laurel Mason and Judith Loder. Our homerun hitter though is Leonard Watts.

KINGS BEACH SCHOOL

Kindergarten and First Grade: Everyone came back from Easter vacation in good spirits and health. Some of the children went away for the holiday. Shari Decker spent the holiday in Redding; Diana Astle, in Sacramento and Sharon Brooks, in Monterey.

Gregg Gunkel had his sixth birthday last Thursday.

After a withdrawal of several months, Patty Bervid is once again back in our class. Patty has been in Los Angeles.

Paul Franklin and Jimmy Boatman, from Mr. Bisio's room, finished our wagon by making wheels for it. The wagon looks very nice.

Shari Decker and Mary Olinghouse brought books to share with the class.

Randy Hiatt brought his collection of seashells to school.

Stevie Mandeville brought flavor straws for our midmorning milk.

Second and Third Grades: The group who were working on the product's chart in our study of Mexico, are now writing a play. This group consists of Chris Althof, Vern Wing, Bruce Draney and Bruce Templeton.

The bouquets of flowers in our room were donated by Carol Lee Corbin, Cathy Murray and Beverly Bergman.

Cherryl Smith brought three burnt-out bulbs for her social studies group to use for making Mexican musical instruments.

Cathy Rockholm showed the class the live crawfish she caught on the beach.

Darryl Lausche brought his coin collection to school.

Third and Fourth Grades: This week Nancy Bervin returned to our classroom.

Penny Cassidy brought a crawdad to school Tuesday.

In science we have been studying about our neighbors in space.

TAHOE LAKE SCHOOL

First and Second Grades: In the first grade we are again stressing neatness in numbers. Those who were especially neat this week in the size, spacing, and formation of their numbers were: Rocky Riggs, Anna Marie Conners, Tabor Griswold, Connie Day, Tommy Carnell and Ernie Marier.

In the second grade we are preparing some of the decoration for our musical in connection with open house on May 1.

TRUCKEE ELEMENTARY

Kindergarten: Spring gardening is our big interest this week. Monte Neugebauer is raising nasturtiums. Carol Hart and Jack Mitchell have onions growing. Michelle DeLisle planted mixed flower seeds. Craig Swauger has potatoes and Bruce Leamon and Donald Schuler planted radishes.

First Grade: We are glad to have all the children back after the seige of chickenpox.

Henry Frates, Judy Ingalls, Wilbur Glenn, Bill Cardinal, Jennifer O'Bear, Mike Borden, Bill Rose and Phillip Risden have new reading books.

Those receiving 100 in spelling this week were Chris Kumle, Henry Frates, Jennifer O'Bear, Bill Cardinal, Gary Albin, Bill Rose, Judy Ingalls, Victor Rice, Diane Daly, Susan Schuler and Phillip Risden.

First Grade: John Gholson is still ill with chickenpox.

Many of the children had interesting stories to tell about their vacation. Linda Russell told us a great deal about Death Valley.

Michael Kydd was chosen first grade winner in the "My Public School" district poster contest.

Second Grade: In social studies each child chose the part of a community helper he or she wished to represent in a dramatic play. They are: Darleen Doolittle, Ruthie Perry, Sharon Petersen and Teresa Pinedo, Darlyn Ingalls, Frances Barrett, Kathy Braasch, Jim Tavis, Mary Ann Moore, Nicky Kenyon, Gary Waters, Raymond Fitzsimmons, Jack Melugin, Ronnie Walker, Wayne Mosby, Donny Whiteneck, Bill Waters. Gary Kehm, Len Vind, Russell Glenn, Gail Englehart, Susie Olano, Sandy Miller, Karen Hedlund and Rhonda Manley.

Cathy Braley was in the hospital to have a tonsillectomy.

We have two new students, Darleen Doolittle and Jim Tavis.

We are sorry that Timmy McLane is sick.

Raymond Fitzsimmons brought a poem which he read to the class.

Third Grade: Those who made 100 percent in their 42-word review spelling test were: John Besio, Candy Hamilton, Anne Morey, Monty Straub, Betty Saarni, Cherie Tudor, Robyn Reese and Walter Dallas. Those who missed only one word were: Claudia Avala, Charles Hintz, Ricky Ralphs, Clydene Strickler, John Sturcke, Charles Trainor and Larry Digesti.

We're glad to welcome Walter McClellan to our class. His family have recently moved to Truckee from Loyalton.

Fourth Grade: The fourth grader who won the poster contest was Donnie Thomas whose picture of the schoolhouse in the mountains best depicted the theme, "My Public School." Thus far the best fisherman in the schoolroom has been Eddie King, the boy with the four-pound brown trout to his credit.

Mike Harris, because he brought his bankbook, gained recognition for his efforts, as well as providing the entire class with special exercises on Friday.

Following Easter, several girls came to class all decked out in attractive garb. Gloria Jean Boyer, Peggy Berger, Marcia Leamon, Wilana Curran and Nancy Barth led the fashion parade.

The lunch assignment was delegated to Teddy Daniels and Linda Banyard.

Fifth Grade: Everyone one seemed most happy to return to the school after an enjoyable vacation.

Jim Randall and Bruce Strickler are on the sick list.

Ronald Brown, Leonard Hensley and Zeke Romo attended the Scout-O-Rama at Auburn this weekend.

The following made a perfect score in spelling: Zeke Romo, Leilani Braasch, Daryl Androus, Liane Kay, Bonnie Fair, Barbara Jean Croxen, Karey Kielhofer, Richard Saroni, Dianne Cardinal, Susanna Sciutto and Leonard Hensley.

Sixth Grade: An acappella choir will be presented at the next PTA meeting on May 13. The choir is composed of members of the fifth and sixth grades. The hymn of the Sierra will be presented as a special feature.

There are an estimated 11,200 square miles of peat-bearing land in the United States.

Ten years were required for the construction of the St. George Reef Lighthouse off Eureka.

Agriculture directly or indirectly accounts for nearly $10 billion in California's economy.

General Randolph McCall Pate is the 21st officer to head the U.S. Marine Corps. The Marine Corps has three combat divisions with with supporting forces and three Marine aircraft wings, to provide balanced ground-air teams in its Atlantic and Pacific Flee Marine Forces.

By JUDGE HARRY CHARRISON

Gay Paree

Had a nice letter from N. B. Van Buren, who has a home in Crystal Bay, from 33 Avenue Des Champs Elysees, Paris, France, with a picture taken with Pope Pius XII. Van with his wife, Renie, have lived in Paris since 1950. Van is president of the Calspray's European company. Calspray is the agriculture chemicals operating company of Standard Oil Co. of California. Van was presiding at an International Congress of Rome recently, when he was received in special audience by Pope Pius. Van and Renie rejoice with their anticipation to visit again with their old friends around Lake Tahoe, where they plan to spend a good part of their vacation this year at their home at Crystal Bay. Had a picture of Van and the Pope talking together. Excellent, too. Sure nice to hear from them. They read the Sierra Sun, too.

More Stores

Now I hear that Roy Porath of the Kings Beach Variety Store, is to open a store for the sale of children's wear and all that goes with smart dressing of young and old. Minnie Wagner will supervise the store to be next to the telephone office. Pearl Moore will be with the Poraths at the store by the post office.

Moved

Well, it looks as though our friends, the Bill Ahltofs, have removed to Sacramento where Bill will be with the Carnation Milk Co. We shall miss them after all these years of their church and community activities and we wish them the best of luck.

Tripping

L. P. Waters of Kings Beach has returned from a trip to Covina where Mrs. Waters has been staying with her mother for the past few weeks. Her mother has been in the Duarte Hospital with no very satisfactory results, we are sorry to say.

Visiting In L. A.

Barbara Mallory and Mr. and Mrs. Wayne McKenzie were visitors at Gordons' Purchasing Service run by Jerry Gordon in Los Angeles. According to Jerry the Mallorys and McKenzies will return to the lake pretty soon.

My Aching Back

One of the hardest workers in our community is Ned Malla. I never saw anybody run into more trouble than poor Ned. He has been under the weather with a bad back for the past few weeks, taking treatments for same. Ned is figuring on more improvements at his motel, maybe a swimming pool, huh? That seems to be the rage, and a good one, too.

To Troubled Area

Heard from Arnold Miedema that he saw Joby Lewis at the International Airport in Los Angeles. He was on his way to his native land of Syria and was traveling alone. Helene was not making the trip this time.

Shriners

The Al Tahoe Shrine Club were hosts to around 125 members from all over the country, even Florida, San Francisco, Oakland, Los Angeles and other points. A buffet was served at the Crystal Bay Club last Saturday night followed by a fish fry, crab, lobster, and all the other varieties. There was an orchestra for dancing which was very popular with the happy guests. James Halloway, the Karak Temple potentate, was in attendance.

Trap Shoots

Many from this area attended the world's richest trapshoot at Harold's Trapshooting Club during the week, and as a follow-up H. E. McCloskey of Crystal Bay Club tells me that there will be a trapshoot at the Lake Tahoe Gun Club on June 20, 21, and 22. This is a long way off but it is necessary to speak of it now so that the many followers may make plans for the big event which will be sponsored by the Crystal Bay Club.

Returned

Eugene Jarvis, our European traveler, has just returned from a trip to San Francisco, Los Angeles and Las Vegas, and looks wonderful and all ready to go for a busy season at his Chateau. No sooner had he returned than he got on the job doing something for the community. We are glad to welcome you home, Gene, to your beautiful home by the lake.

New Station

As I mentioned last week, or did I? that a fine new service station has gone up at the corner of Highway 28 and Fox street. It will sure be easy to get gassed up around the area this summer.

She's Back

Anna Blaue is back at her home in Tahoe Vista after another winter in the sunshine and flowers. Anna is another community and church worker.

Church Meeting

May 9th is the fourth quarterly conference dinner, at 6:30. It is planned to be a potluck affair. Contact Millie Chastain as to what to bring. There will be ceremonies for breaking ground for the new building. You are all welcome, says Rev. Langguth.

Soon To Build

Wyman Williams was up from Pasadena for a few days, searching for a nice spot to build a home, so that the family can make a home at least for the summer for the time being.

Engaged

Well, our friend, Dave Crow, prominent at the Biltmore Hotel, tells me that he has become engaged to a most beautiful girl, the date for the important ceremony has not been set, but it won't be long, and we will be looking forward to the event.

Good Eats

It looks as though the Village corner restaurant will soon be open, as Peggy Rhodes is as busy as a bee around getting things in shape. And Mrs. Lightner has already opened the Snack Shop, and Florine Klitzke is assisting. A good team, I'll say.

Business Good

Talking to a few of our realtors and business is getting real brisk. There is still lots of nice property to be had but the choice lots are getting scarce, and with this summer-like weather there are lots of prospective buyers looking things over, especially over the weekends.

KINGS BEACH COMMUNITY METHODIST CHURCH

Earl L. Langguth, pastor.
Sunday school, 9:45 a.m.
Services, 11 a.m.
Woman's Society of Christian Service, Millie Chastain, president, meetings on Wednesday of each week at 1 p.m. at the church.

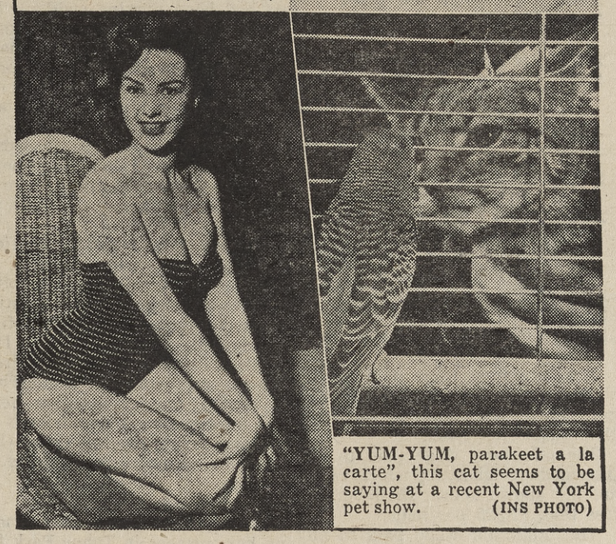
"BETTER SHAPE than Ekberg", has Virginia De Lee, says sculptor Joseph Dubronyi who sculptured both beauties. (UP PHOTO)



"YUM-YUM, parakeet a la carte", this cat seems to be saying at a recent New York pet show. (INS PHOTO)

Tahoe Items

Mr. and Mrs. Hank Slade who have been away from the lake during the winter, have returned to Tahoe City.

Mrs. Anna Blaue is home at Tahoe Vista, having spent the winter in southern California.

BILL PROHIBITS JUMP INTO PATH OF AUTO

SACRAMENTO (CNS) — A bill to make it illegal for pedestrians to jump suddenly into the street from a curb was passed by the assembly, although one assembly attorney said it would make it difficult to collect damage fees for pedestrians injured by automobiles.

Assemblyman Walter I. Dahl (R-Oakland), author of AB 2200, said if children are not old enough to know when and how to cross streets, they should be accompanied by someone older. He said the bill was an attempt to make pedestrians assume part of the responsibility for safety.

STATE OF CALIFOFNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on May 22, 1957, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, between 0.8 mile east of Hirschdale and 0.8 mile west of Floriston (III-Nev-38-B), about 2.8 miles in length, a detour to be graded and surfaced with plant-mixed surfacing on untreated base, and two prestressed concrete girder bridges to be constructed.

Bids are required for the entire work described herein.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 8, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontracting; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions.

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
	Skilled Labor
$3.095	Asphalt plant engineer
3.00	Carpenter
2.995	Cement finisher (journeyman)
2.705	Concrete mixer operator (up to one yard)
3.035	Concrete mixer operator (over one yard)
3.095	Heavy duty repairman
3.095	Mechanical finisher operator (concrete or asphalt) (highway or street work)
3.255	Operator of power shovel and or other excavating equipment with shovel-type controls (up to and including one yard)
3.425	Operator of power shovel and/or other excavating equipment with shovel type controls (over one yard)
3.00	Painter
3.255	Pile driver man, bridge wharf and dock builder
3.255	Power grader operator (power planer, motor patrol or any type power blade)
3.15	Reinforcing iron worker
2.325	Road oiler
3.095	Roller operator
3.255	Rubber tired heavy duty equipment operator (Tournapull, Jeep, Terra Cobra, La Plante Choate and similar type)
2.705	Screed man
3.095	Tractor operator
3.255	Tractor operator (boom)
3.425	Tractor operator (tandem)
3.255	Tractor-type shovel loader operator (scale not to apply when used as blade or bulldozer
3.145	Trenching machine operator
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)
	Intermediate Grade Labor
2.575	Asphalt ironer and raker
2.595	Apprentice (oiler, fireman, watchman)
2.575	Blaster—powderman
2.48	Bootman
2.765	Boxman or mixer box operator (concrete or asphalt plant)
2.575	Chainsaw operator, faller, logloader and bucker
2.575	Driller (diamond, core, wagon and other mechanical drill)
2.425	Driller's helper, chuck tender, outside nipper
2.705	Fireman in hot plant
2.595	Heavy duty repairman helper
2.575	Jackhammer operator
2.425	Operator of vibrators and all pneumatic, gas and electric tools
2.575	Pipe layer, caulker, bander
2.425	Sloper
2.325	Truck driver (less than 4 cubic yards water level)
2.465	Truck driver (4 cubic yards and less than 6 cubic yards water level)
	Unskilled Labor
2.325	Flagman
2.325	Laborer
2.325	Limber, brush loader and piler

The minimum wage paid to all skilled labor, for which rates are not shown above shall be not less than $2.325 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than $2.325 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than $2.325 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bond, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS,
DIVISION OF HIGHWAYS.
G. T. McCOY,
State Highway Engineer.
Dated: April 26, 1957. (m2-9-16)

TAHOE POSTSCRIPTS

By SWANEE
(Telephone T.C. 316-W)

Am indebted to my good friend, Annie Soll of Tahoe Park, for information regarding the death of another former Tahoeite, well known in the Homewood area. He was Carlos Rookwood, about 73, who built "Rookwood" one of the most beautiful homes in that district, which was erected from lumber salvaged from the old Hunter Hotel which collapsed from the weight of heavy snow on the roof one winter. The hotel was completed, but never furnished and never occupied.

Rookwood passed away in Daly City on April 14. He was a native of Newport, Mont., and a former Vallejo businessman for many years. He sold his Tahoe home some years ago and had not summered here for seven or eight years. He leaves a wife, Zita, of Daly City, one brother, three sisters, four nephews and a niece.

* * *

Mrs. Solveig Beavers and children enjoyed a visit at the home of her parents, Mr. and Mrs. Sigvard Ronning of San Bruno recently. Little son, Chris, who is eight, was quite thrilled when he placed fifth in the Walt Disney meet on Donner recently. Skiing is one of his favorite sports and he has hopes next year of doing better.

* * *

Frank Daft of Pineland is still a pneumonia patient in Tahoe Forest Hospital as I write this on Monday morning. He was admitted last Wednesday when a bad chest cold he had been nursing suddenly became serious. His many friends will be happy to know that he is greatly improved.

* * *

Mr. and Mrs. James Easton and daughters, Kathy and Janice, of Sacramento, enjoyed the weekend recently at the Tahoe Park home of Mrs. Gerda Kvistberg, who is Jim's grandmother.

* * *

Mr. and Mrs. Norman Mayfield of Tahoe City, who returned to their home several weeks ago after a pleasant winter vacation visiting in warmer climes, had as their first houseguests, nephew Douglas Smith; wife, Margie, and children, Eugene and Sydnie of Fresno. They enjoyed a ten-day vacation here. The Smiths have many friends at the lake having lived in Tahoe City for some years before moving to Fresno.

* * *

Mrs. Fern Schlueter is busy readying her cottages in Tahoe Park for the rush of summer vacationists. She observed a birthday on April 15. She is being assisted again this year by her sister, Vivian Nelson of Oakdale.

* * *

Mr. and Mrs. David McBride of Tahoe City soon will inaugurate the first nursery in this area when preparations are completed for the opening of their new venture. They will be located on the west side of Highway 889 between the Sierra Pacific Power Station and the old S. P. Building, about 100 yards south of the power plant. Mrs. McBride will be in charge of the nursery while her husband continues to conduct his Tahoe Tree Company activities. Their many friends are extending the best of good wishes for success of the new nursery, and so do we!

* * *

Lance Poulsen, son of the Wayne Poulsens of Squaw Valley, turned nine today, Monday, but his mother must be away on businesss today so his birthday party was held at the Poulsen home on Saturday last between three and five. Fifteen youngsters participated in the various kinds of ball games, the hike over the meadows and the party which followed when Lance cut his beautiful birthday cake, and ice cream galore was served the guests. Those attending included: Pat Dempsey, Donald Stowe, Jake Obexer, Jeff McLane, Tom Ruhkula, Greg Moore, Dickie Nielsen, Jess Huett, Jerry Jorgenson, Chris Burmer, Dale Mitchell, the honoree and his brothers and sister, Wayne, Jr., and Eric, and Sandra Poulsen. The honoree received many nice gifts from his classmates.

* * *

Visitors at Tahoe City over the past weekend were: Bud Scott, who drove up from Carmel in his new station wagon, and his dad, Bert Scott of Piedmont. The latter came to remove from the family summer home on the lakeshore recently sold to Dr. Cabot Brown and family, personal belongings and articles not included in the sale.

Buddy delivered a number of his beautiful new volumes, "The Saga of Lake Tahoe," just off the press, including mine. The book is all he promised it to be, and more.

How to plant a "Money Bush"!

Money can grow, you know!

In fact, it can grow to surprisingly large amounts as anyone who has saved regularly with U. S. Savings Bonds can tell you.

There are millions of people to ask. Over 40,000,000 working Americans own U. S. Savings Bonds—more than 41 billion dollars worth. Most of them have done it by saving small amounts regularly through the Payroll Savings Plan. It's the easiest, surest way to save—a good way for you.

And here's another thing to remember. Savings Bonds are one of the world's soundest savings plans. The U. S. Government, most powerful in the world, guarantees your principal in Bonds *safe* up to any amount—guarantees *sure* the rate of interest you receive.

So why not start growing your own money today—the Savings Bond way? Join the Payroll Savings Plan where you work or buy Bonds regularly where you bank. You'll help strengthen your own family's security plus the security of your town and your country.

U. S. SAVINGS BONDS STRENGTHEN THE SECURITY OF YOUR FAMILY, YOUR COMMUNITY, YOUR COUNTRY.

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

RECORD TRAFFIC IN STATE IS EXPECTED

SACRAMENTO— Traffic volume on California highways this summer is expected to top last year's record volume, says the California Highway Patrol.

"With new record highs in motor vehicle registeration, we will experience the greatest volume of traffic in history on our streets and highways during the next several months," Patrol Commissioner B. R. Caldwell said. "This increased volume demands strict adherence to traffic laws if safety is to be attained.

"Motorists must obey speed laws heed right of way regulations, be courteous at crossroads, drive in the right hand lane and move with the flow of traffic if they are to cope with the hazards of record breaking traffic," Caldwell said.

INVESTIGATION WILL BE MADE OF AGENCY

SACRAMENTO (CNS) — The assembly fish and game committee has voted unanimously to call for a sweeping investigation of California fish and game research programs—termed by one member as "a jumbled statement of inconsistent facts."

The committee gave ts approval to HR124 by Assemblyman Vincent Thomas which calls for the study with an eye toward transferring all research functions to the state universities and colleges.

Thomas said he had given considerable study to the matter and found that the department of fish and game had very little to show for much of its supposedly extensive research programs. He said the department had come in for considerable criticism and ridicule in its program of belling coyotes and deer.

This prompted one committee member to remark following the meeting that perhaps some of the department biologists should be belled, in order to study their migation habits and where they spent their time.

Thomas cited an example of a study of fish in Weddell Creek, just south of San Francisco.

"This was a study that was 10 years in the making," Thomas said. "After it was completed, it took another 12 years to get the study published."

Assemblywoman Pauline Davis, author of a resolution calling for an independent study of migratory deer herds, said the department "hasn't touched the surface of some fields for research."

Thomas claimed also that the department often does not give consideration to facts reported by its men in the field.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

Hwy 89, Chambers Lodge, Placer County.

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General (seasonal)

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The premises are now licensed for the sale of alcoholic beverages.

TAXABLE SALES SHOW INCREASE IN COUNTY

SACRAMENTO (CNS) — Retail business hummed in California during the last quarter of 1956 for the highest three-month period on record, state board of equalization reported.

The volume of sales subject to state sales and use taxes was a whopping $5,356,626,000 up 7½ percent from the same period in 1955 and the first quarter that the total passed the $5 billion mark.

Taxable transactions in Nevada County for October, November and December totalled $5,333,000, to bring total taxable sales for the year up to $19,522,000.

The county's transactions, reflecting an increase of 1.18 percent from the fourth quarter of 1955, amounted to .10 percent of the state total and produced $159,990 with the 3 percent sales tax.

Statewide, the state sales and use tax yielded $160,698,780 for the fourth quarter.

The most notable feature of the fourth-quarter taxable sales pattern was the 5.3 percent increase in total retail sales, as compared to the final period of 1955. Most major classes of business, with the exception of sales by new automobile dealers, reported notable gains, the board said.

Highest in the increase was a group of speciality stores. Photographic equipment and supplies stores, dealers, and sellers of trailers, boats, motorcycles and planes continued to show the relative strength now in evidence for more than a year, with gains of about 22 percent. Other classes showing increases of more than 16 2-3 percent over the last quarter of 1935 were dealers in sporting goods, musical instruments and jewelry.

Taxable sales by general merchandise stores and the apparel stores group and shoe stores were well above the 1955 figures, while the sale of food and drink, both for consumption on the premises and for off-sale, were up 10 percent or more.

New automobile sales, accounting for one-ninth of all taxable sales, were at a lower level than during the preceding year, dropping by 8.1 percent. Board statisticians attributed this to late introductions of 1957 models and reluctance to purchase 1956 models when drastic style changes were expected.

Another group of retailers whose sales were down were the candy and tobacco dealers and second-hand stores. However, they contributed only .4 percent of the dollar volume of all taxable sales.

SUGAR BOWL ENDS SEASON WITH RACE

SUGAR BOWL — The Sugar Bowl ended its most successful winter sports season Sunday with the staging of the 15th annual Silver Belt Trophy race, won for the third consecutive time by Christian Pravda, a Sun Valley instructor and former world champion.

Only two others, Guttorm Berge of Norway and Chris Schwarzenbach have won the event twice.

Roger Staub of Switzerland was only one-tenth of a second behind Pravda's 1 minute 17.3 seconds. Anderl Molterer of Austria and Trygee Berg of Norway were disqualified for missing a gate.

Starr Walton, 14-year-old skiing ace, skiing for the Sugar Bowl, was a surprise winner in the women's division over Linda Meyers of Mammouth Mountain.

The sole casualty for the event was Ronnie Rau of Soda Springs who broke a leg while training for the event. A crowd of over 2000 witnessed the races.

Corbin Explains Tahoe School Plan

TAHOE CITY—Details of the enlarged elementary school planned for Tahoe City under the coming bond issue up for a vote May 17 were given to a group of local citizens at the Parent Teachers Association meeting last Thursday night by Superintendent John Corbin.

Plans call for eight additional classrooms, a 40x75 foot multi-purpose room-gymnasium combination with shower facilities, and a kitchen and administrativve office section. This will provide a total of 11 classrooms instead of the four now in use, facilities for winter recreation, and a public meeting place the communty has long needed.

Corbin explained that the board felt such a multi-purpose room could be used not only for a public meeting hall but as a center for a community recreation center during the long winter months. The floor will be large enough for a basketball court and will be equipped with pull-down baskets.

In stressing the need for classrooms which has made this and other school additions in the district he declared that if present rates of increase continue it may be necessary to put several of the schools on "double session"—the practice used in many communities of holding two sessions of school—one beginning early in the morning, running until noon and the other beginning at noon and continuing until late in the day.

This practice, he said, is hard on the children, the parents, and increases operating costs greatly, since according to state law no teacher can teach in both sessions.

The $1,700,000 bond issue proposed for construction of additions to the Kings Beach, Tahoe Lake, Truckee elementary and the high school has been estimated by the governing board to call for an estimated increase of 55 cents on the $100 of assessed valuation in the district on the present tax rolls.

Expected increase in taxable property within the district should cover increases in operating cost for the expanded program. Expected population growth for the next four years has been estimated by the governing board to double the school population by 1960.

The parents were assured that when the new wings are built the 7th and 8th grade children will be kept in their respective elementary schools instead of sent to the high school in Truckee, as they are now.

"The long bus ride each day and the consequent mixing of age groups as now practiced is bad for the children and should be eliminated," Corbin said. "This is the declared intention of the governing board and of the school administration and will be a permanent change as far as I know," he concluded.

OFFICIAL TO VISIT LOCAL REKEKAHS

Naomi Rebekah Lodge, No. 2, will receive an official visit on May 8 from Mrs. Janet Wortell, district deputy president of the lodge. The meeting will be formal and all members are requested to be present to greet the distinguished visitor.

Mrs. Dan Horman and Mrs. Chas. Vind were elected delegates to the state assembly to be held at Fresno the latter part of May during the April 24th meeting of the lodge.

Mrs. Rex Reid, noble grand, presided and Mrs. William Sciutto was admitted to the local group, transferring from Geyserville.

Mesdames C. E. Allison, Eugene Welch were refreshment hostesses.

To San Francisco—
Mr. and Mrs. James Sherritt of Soda Springs will leave this week for San Francisco. Mrs. Sherritt has been a recent patient in Tahoe Forest Hospital and will continue medical treatment in the city.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:
Subject to issuance of the license applied for, notice is hereby given that the nundersigned proposes to sell alcoholic beverages at the premises, described as follows:
N|S of Hwy. 40 at Elend of Donner Lake, 3 Mi. West of Truckee, Nevada County
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:
On-Sale Beer License
Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The premises are not now licensed for the sale of alcoholic beverages.

Arthur W., Joyce M. and Helen C. Saunders

DONNER DANCERS TO BOW TO FIREMEN FOR DANCE ON SAT.

There will be no meeting of the Donner dancers this week, according to President D. L. McGihon. The Veterans Building will be used instead by the Truckee Fire Department in preparation for their Fire Service Day dance, May 4. The Donner dancers will hold their potluck supper dance on May 10.

John and Sophie Levra, Kings Beach, visited the local group last Friday and both of them called several square dances.

Joe and Shirley Straub took advantage of a trip to the coast to visit a square dance in Santa Rosa earlier in the week.

The Donner dancers sent a full square to Quincy last Saturday to visit the Circle-Squares first party night. Those making the trip were Lloyd and Virginia Everett, Joe and Shirley Straub, Wilbur and Ava Glenn, and John and Claire Patterson. The local dancers were accompanied by John and Sophie Levra. The Levras and Lloyd Everett were guest callers at the Quincy party.

PATIENTS RECEIVE GIFTS FROM GROUP

CRYSTAL BAY—Pearl Moore, president of the Ladies' Auxiliary of the VFW at Crystal Bay, announces letters have been received from the Weimar Sanitorium and Nevada State Hospital thanking the group for the Easter gifts and games sent to the hospitals.

Puzzles for the Nevada Hospital are used dby the adults and children in theropy work.

A small group of children at Weimar will receive special attention from members on birthdays, mail cards and various other occasions during the coming year. The trav favors for all the children will also be continued.

DeMOLAY TO SEAT NEW OFFICERS AT MEETING ON FRIDAY

TAHOE CITY—Douglas Wilson, master councilor of the Truckee Order of de Molay, announces an installation of officers this Friday night, May 3 at 7 o'clock at the Masonic Hall. Relatives and friends are cordially invited to attend. The Mothers' Circle, mothers of the order's members, will serve refreshments. Immediately following the installation ceremonies a dance will be held at the hall to which all Rainbow Girls have been invited.

Wilson was honored at the Nevada state convention of the Order of de Molay held this Easter week in Las Vegas by his election to a state office. C. E. "Bud" Mandeville, worthy adviser, drove several boys, including his son, Clyde, Wes Ball, Donald Van Hoosier, and Doug Wilson to the annual event. The boys are pleased to report that the 1958 convention will be held at Crystal Bay, during next spring vacation.

TWO NEW MEMBERS FOR TAHOE ROTARY

KINGS BEACH—At the regular weekly meeting of the Rotary Club of Brockway, presided over by President Pappy Brooks, two new members, James Chastain and William Martin, were inducted into the club. Following the induction ceremony, Leon Barker, program chairman, presented the film, "Fishing and Hunting on Lake Superior."

President Brooks announced the next meeting, May 6, would be fathers', daughters' and sons' meeting and those without either daughter or son would be expected to adopt one for the evening.

Fred Schultz, president of the Tahoe Sierra Chamber of Commerce and a member attended the meeting held at Smart's on the routing of traffic during the construction of the four-lane freeway east of Truckee.

JUDGE SENTENCES FOUR TO JAIL HERE

Deputy Sheriff Emery Lander reported that the following men appeared before Justice of Peace Fosten Wilson, following their arrests in April on county ordinance No. 810 and receiving 10 days in the local jail are Kenneth Field of Pasadena; Theodore Brandon, North Sacramento and Ellie Tolleson of Nevada.

The latter received an added 15 days sentence for allegedly refusing to put out a forest fire, two miles northwest of Truckee on Highway 89.

Earl Manning of Oklahoma received 12 days for violation of 810. He and Brandon were arrested by Highway Patrol Officer Carroll Maynard.

To Wed—
David Johnson, 28, of Tahoe Cty and Muriel Belobraidio, 21, of Summit City, Calif., were issued a marriage license at Reno.

Arizona Visitor—
Mr. and Mrs. Hugh Weinand had as their guest, her father, Maurice Holden of Phoenix, Ariz. The visitor enjoyed the area and plans to soon return for a longer stay.

Guest Of Grows—
Mrs. Erna Peckfelder of San Marino was the weekend guest of Mr. and Mrs. Leslie Grow.

In Hospital—
Mrs. Eddie Sardi returned from a Reno hospital this week to spend several days in Tahoe Forest Hospital, having been ill for the past two weeks.

Stokes Returning—
P. A. Stokes wrote from San Francisco that he will be coming to Truckee for the summer.

TWO ARE FINED
Jack Samples, Sacramento, and Timothy M. Clark, Stanford, were fined $200 each when they appeared before Justice of the Peace F. W. Wilson on charge of purchasing beer for minors on Donner Summit. They were charged by Martin F. Hussey, of the state liquor control board, who, incidentally is a former Truckee resident.

From Sacramento—
Mrs. Charles Walker and Howard Leamon of Sacramento were guests of Mr. and Mrs. Robert Leamon.

Marriage License—
Raymond G. Wacker, 27, of Truckee and Georgia Ralph, 23, of Reno were issued a marriage license at Reno.

MYERS BUYERS
Mr. and Mrs. Edgar Myers, formerly of Homewood, who have been living at Reno, have bought the Kimmer property at the west end of Donner Lake. The Myers are making repairs and renovating the place where they will make their home.

Donner Featured On TV—
Donner Summit and Donner Lake district as related to the Donner party incident were featured Sunday on Dave Garroway's Wide, Wide World television show.

Heller Ill—
Charles Heller has been ill with pneumonia for the past week and a patient in Tahoe Forest Hospital. His friends are hoping for his early recovery of health.

Capital Men Visit—
Douglas Barrett and William Cramer of Sacramento visited the Walter Barrett and Frank Snyder families Friday evening, enroute to Reno.
